

Pool of Questions for Module Evaluation

Name of module
coordinator:

Module title(s):

Please note:

The selection of questions for a module evaluation highly depends on the exact aims of the evaluation (i.e. which aims of the module should be assessed). Therefore, we do not offer a basic questionnaire with compulsory questions. Instead, in this pool of questions, you can find a range of questions regarding different aspects of modules. Please tick the box next to the questions you would like to include into the questionnaire.

You may also add your own supplementary questions. Please enter these questions into the respective text box on the last page of the form.

The staff of the Office for Quality Management (evaluation-phil@fau.de) is happy to assist you with advice in the selection of questions from this pool and the phrasing of supplementary questions for your module evaluation.
